This online study unit is a core unit of the Graduate Certificate in Mental Health (Child and Adolescent) but may also be undertaken as a standalone unit for professional development.

This unit is the first of two units providing a comprehensive overview of child and adolescent problems.

It covers attachment and mental health disorders, disorders of infancy and early childhood, anxiety disorders, trauma related disorders, self harm, depression, suicide, eating disorders, attention deficit disorders and disruptive disorders.

Complete this unit as a standalone unit of study for continuing professional development

OR

Complete this unit as part of the accredited degree program: Graduate Certificate in Mental Health (Child and Adolescent)
